## 1. Lovingly Protect Others From Sin

The four traps we sometimes set for each other:

- Direct Temptation
- Indirect Temptation
- Sinful Examples
- Failing To Encourage Godliness

## 2. Passionately Pursue Personal Holiness

The danger of leading someone else to sin is eliminated when you deal with the sin in your own heart.

- “Hands” – Be Holy in all you do.
- “Feet” – Be holy in everywhere you go.
- “Eyes” – Be holy in all that you see.

Jesus is saying that those who do not pursue holiness are in danger of going to hell.

## 3. Humbly Place Yourself On The Altar

- This fire is not a punishing fire.
- This fire is a purifying fire (fire purifies).
- This fire is a preserving fire (salt preserves).

God's desire in your life is to burn away all that does not bring Him glory and to preserve all that does.

## 4. Diligently Preserve One Another From Corruption

Only Jesus can purify a heart but when it comes to preserving what He has already purified...

Jesus has passed us the salt!
